

Atividade 6 - Programação de Dispositivos Móveis

Aluno: João Pedro Lopes Machado

The screenshot displays a REST client interface with a dark theme. At the top, there are three tabs: 'GET New Request', 'GET exibir alunos', and 'POST aluno 1'. The 'POST aluno 1' tab is selected. Below the tabs, the URL bar shows 'http://localhost:8000/alunos/'. The 'Body' tab is active, showing a JSON payload:

```
{
  "aluno_nome": "João Pedro",
  "endereco": "Rua Recanto Tranquilo, 255"
}
```

. The bottom section shows the response body in 'Pretty' format:

```
{
  "message": "Aluno criado com sucesso"
}
```

. The interface includes various tabs for request configuration (Params, Authorization, Headers, Body, Scripts, Settings) and response viewing (Body, Cookies, Headers, Test Results).

GET New Request
